

Hi Steve

Marc and I wanted to say an enormous thank you for all your contribution to making our wedding such an amazing day. You arrived at Birch Grove in the two cars exactly at the right time with both the Chrysler and the Lexus looking superbly clean and very bridal. Your services as photographer before we left were very, very much appreciated too - the photos have come out great!

I really felt like royalty as you drove my Dad and I to Loseley. Even driving around for the 15 or so minutes before going into Loseley Park and to the house was extremely relaxing (far more than I ever imagined it would be) and just as memorable for me. It was only when I actually got out of the car in front of Loseley House did I really feel that this was it!!

It was a perfect day in every way. We loved every minute of it and you taking us to the Squash Court in Shere in style at the end of the evening was a fitting end to a wonderful wedding.

Thank you very much again for doing such a superb job in every way - I thought you might like the attached as a momento!

I do hope you're well and business is continuing to grow. We will, of course, be in touch again should we be travelling anywhere again although after the month that September was for us, I have a feeling we'll be staying put for a good few months yet! There's the thousands of photos and video footage from the wedding and the honeymoon to go through if nothing else!!

All the very best

Diana
